

Wells City Carnival

15/11/24 starting at 7.00pm

Kit to take with you on the night

To Wear

1. Thermal Underwear - It's mid November and the weather can be chill or wet!
2. Warm mid layer - again possibly thermal.
3. Winter coat - for warmth and possibly waterproof.
4. Rain/windproof layer - if the winter coat doesn't provide these properties.
5. Woolen hat
6. Gloves
7. Warm socks and stout shoes

Equipment

8. Folding chair - unless you can stand for a couple of hours.
9. Umbrella - you may not need it but just in case.
10. Camera
11. Drinks and snacks - there are street vendors but you might not want to lose your place

Loose Change

12. Loose change – It's not fashionable to carry change since COVID but it is important here. The spectacle is free to watch but they are raising money for charities, and they put a lot of time into these events. There are collectors but there are also "Target Trucks" where you throw money from the Kerb onto the back of the truck and it's fun to do. Don't worry about missing as they are always surrounded by collectors picking up fallen coins.
